

SUNNOC

UNIQUE MICROCRYSTALLINE WAX

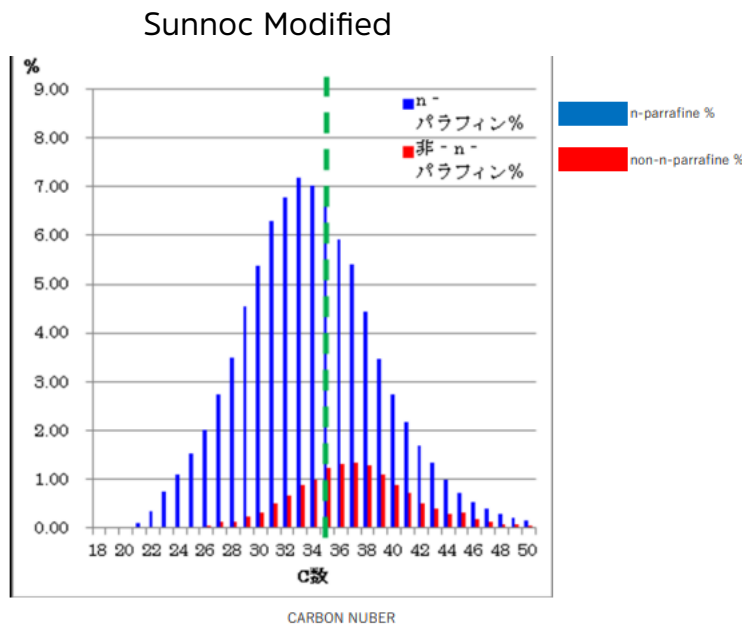

Sunnoc is Unique Microcrystalline wax. It increases efficiency for Antioxidants in Rubber & Improves Sun & Ozone Cracking Resistance. This is suitable for most Rubber Products especially used for sunlight & Ozone.

It provides remarkable Antiozonant properties in static Condition.

Typical Specification:-

Test	Method	Specification
Freezing Point °C	JISK6220-1-7.5	65.0 MIN
Heating Loss %	JISK6220-1-7.8	0.30 MAX
Ash %	JISK6220-1-7.9	0.30 MAX
Colour & Appearance	Visual Inspection	White, Granuel

Carbon Distribution Chart is Given Below.

Typical Composition:-

n-PARRAFFIN	86.3%
Main Carbon	33 Number
NON-n-PARRAFFIN	13.7%
Main Carbon	37(1.3%)
